

Shipments and conditions

We ship exclusively with GLS and your order will usually leave our company in 48 hours.

However, for orders to extra EU countries we ship with DHL courier due to a better performing service. During sales orders could be dispatched in 3/4 days from the date of the order.

On an average control GLS takes 24/48 hours to deliver in Italy (all regions). It takes from 2 to 6 days for delivery in Europe and other countries.

You will receive a TRACKING code confirming your order so that you can keep track of the delivery.

*Due to custom costs and big delays (both in and out the country), our company has decided to avoid shipments to Switzerland.
